## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments, see Remarks pages 13-20, filed 4/23/2007, and amendments to the claims, with respect to the rejections of claims 1-18 and 20-27 have been fully considered and are persuasive.

Claim 19 was canceled.

The rejection of claims 1-18 and 20-27 under 35 USC 103(a) has been withdrawn in view of applicant's amendments to the claims.

### ***Allowable Subject Matter***

Claims 1-18 and 20-27 are allowed.

## **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The combination of the presently listed elements is not found in the prior art. Specifically, the concept of utilizing a larger area when there is less bandwidth is not present in the prior art of record. Although the Fyles reference does discuss the use of a bounding area in certain situations (e.g. 9% of calls) it does not recite the newly added characteristics. See specifically Remarks pages 15, last paragraph, and the entirety of page 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
